

Dolby® Media Meter

Customer Download and Authorization Instructions

Dear Dolby Customer,

Thank you for purchasing Dolby Media Meter. The Media Meter software can be downloaded [here](#).

In order to authorize Dolby Media Meter, you will need the following:

- An iLok USB key (not provided, may be purchased from your dealer, online, or from [iLok.com](#))
- An [iLok.com](#) user account
- The iLok License Manager software (download from [iLok.com](#))
- An Activation Code (provided by your Dolby dealer; see example code below)

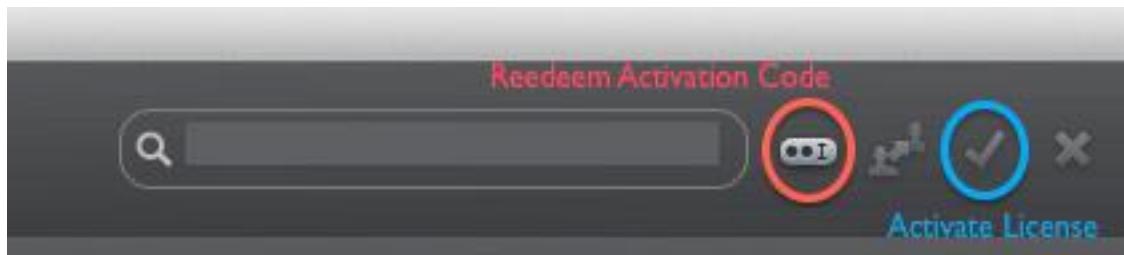

Follow these instructions to download and authorize the Media Meter software:

1. Obtain the Activation Code(s) from your Dolby dealer
2. Download the Media Meter software [here](#)
3. Create an [iLok.com](#) user account, if you do not have one already
4. Download the iLok License Manager software from [iLok.com](#) and login
5. Connect your iLok USB key to your computer
6. Launch the iLok License Manager software and register your iLok to your account, if not yet registered
7. Click on the Redeem an Activation Code button (see picture below)
8. Enter your Activation Code to redeem your authorization
9. An authorization for Dolby Media Meter should now appear in your account within the iLok License Manager software.
10. Select Dolby Media Meter and select Activate Licenses to move it to your iLok USB key (see picture below)
11. When prompted, select your iLok as the destination.

12. Quit the iLok License Manager software and begin using Dolby Media Meter.

Example 1

Redeem Activation Code and Activate License buttons within the iLok License Manager software

Example 2

Sample Activation Code

2064-4449-9118-8363-3986-5908-5601-91

If you have problems with or questions about the installation of your iLok licenses, please go to <https://www.ilok.com//support.html> for help.

If you have questions or issues with your Dolby software products, please contact broadcastsupport@dolby.com for assistance.

Best regards,

Dolby Laboratories, Inc.
